

BPA Energy Efficiency Weekly Announcements, July 10, 2014

Events

Post-2011 Energy Efficiency Review - BPA Debt Management Workshop Follow-up -

Please join us on **Thursday, July 10 at 3:00 p.m. - 4:00 p.m.** for a follow-up meeting to further discuss two scenarios for moving Energy Efficiency costs to expense that were presented during the June 26 Debt Management Workshop.

The in person meeting will be held at Pacific Northwest Generating Cooperative (PNGC), 711 NE Halsey, Portland, OR 97232. The meeting will also be available via [LiveMeeting](#) and telephone 866-733-2934 Passcode: 4157819.

Please contact Summer Goodwin, sggoodwin@bpa.gov or 503-230-3158 or your Energy Efficiency Representative if you have questions.

Commercial HVAC TAN Webinar -

Please join us on Tuesday, July 22 at 12:00 p.m. Since April of this year BPA has been interviewing and engaging with contractors, distributors, utilities and stakeholders to aid in the design of a HVAC Trade Ally Network to support the distribution, installation, servicing, and promotion of high quality energy efficient HVAC technologies throughout the region. Please join us on July 22nd to hear about the findings and next-step recommendations... [More](#)

Reminders

Seeking Public Comment on BPA's Post-2011 Review Proposal - Comment Period Ends July 19 -

BPA is seeking public review and [comment](#) on the [Proposed Revisions to the BPA Energy Efficiency Post-2011 Implementation Program](#) (Proposed Revisions). **The comment period closes July 19, 2014.** The proposal is closely based on [workgroup recommendations](#). After considering the public comments, BPA will make a final decision, update the Implementation Program, and prepare for the implementation of the changes, including updating the Implementation Manual.

Weatherization Photos added to BPA's Stock Photo Library -

In an ongoing effort to provide effective imagery for our customers to use in their energy efficiency marketing and communication material BPA has added a suite of weatherization images to our stock photo library. As with all the images BPA provides in this library, these pictures can be used without cost or restriction by our customers and their partners to promote their energy efficiency programs. These images can be found on BPA's [Stock Photo Library](#) web page.
